“ *Connie, Was so sorry to hear about Chip. Just last week Joe was talking about Chip and wondering how he was doing. He hadn't heard Chaney or anyone talk about how he was doing. We talked about the days when Chaney still had his business and shop. Although I didn't work for BH as long as the rest of them, it was an experience. It really hit Joe when he found out Sunday that he died Saturday night. Our thoughts and prayers are with you and the family.##imported-begin##Joe and Sherie Collison##imported-end##*
