“*Wooleyhan family I have many memories of Betty Lou while working with her at the Caroline Center. Some of the memories that stand out the most in my mind is how fondly she spoke of all her family members. We especially had a good time when we'd play some Eddie Arnold, and Ernest Tubbs CDs. She will be missed.*

“*I have fond memories of listening to Aunt Betty talk about her favorite country singers, she knew them all, and her love of Pepsi. As a child, I thought she was quite a character. I admire how her brothers and sisters looked after her all the way until the end. She was a special person who taught everyone how to appreciate the simple things in life.*
