“ *To the family of Cathy Biddle. I am so sorry to hear of this loss. I remember Cathy taking photos at the NCHS baseball games, when my son and Cody played. She offered me several shots of my son that she had snapped. We lost touch after the kids went on to other adventures, but would see her from time to time in passing. Always a smile on her face and enthusiastic. My sincere sympathy for your loss. Remember her well.*

“ Our family was blessed to know Cathy. Our children attended North Caroline High School together and played on the same sports teams. No matter when we saw Cathy she always had that big, bright smile on her face. She was so kind and caring. I know that she will be greatly missed by her family and friends and all who had the pleasure of getting to spend time in her presence. We will forever remember her fondly and won't be able to think of her without seeing that smile! Such a beautiful picture that is posted here which seems to truly capture her spirit. Sending our love and big hugs to all of you.

“ My heartfelt condolences goes out to those closest to Cathy. Though I did not get the chance to personally meet and get to know her, I knew of her through her caring, supportive and loving sister Debs. I believe that she was a light that shone brightly in this dark world and that special light drew many to her strength, warmth, courage and grace. She will always be remembered for her many wonderful attributes by those who knew her, knew of her and loved her unconditionally. May God bless you all!

“ Cathy has been my friend through elementary, middle, high school and even college. I have so many happy memories of her and our time together. “ I spent just shy of 40 years at Farm Credit and made many friends and had help from so many, but Cathy is one of two people that helped me the most and that I admired most. I don't even know what to say because it brings so many tears but also many smiles and laughs. Back when you got a real person on the phone and not a recoding, Cathy endeared herself to and served all our customers so much so that she was an icon. When you called in and got her, you were getting service! She would come find you wherever you were to tell you that you had a call. And when I called in to ask her directions from the road (before GPS) OMG it was a hoot! So much more. It breaks my heart that she is gone but she leaves behind a legacy unmatched and was an example of how to treat customers that we all can aspire to. Miss you badly Cathy - and oh, by the way, don't tell all those stories about me, I need a chance to get in.

“ I have known Cathy since we were about 5 years old. We spent many nights sleeping over at one another's house. We used to walk the railroad tracks that connected her house to mine. Her family was like my extended family. Cathy was an honest to goodness true friend and will forever hold a very special place in my heart. She was definitely one of the good ones for sure.

To her babies: Your mom's legacy lives on in the two of you, in the values she instilled and in how much she truly loved you. My hope is that you find comfort in the beautiful memories you created with your mom and the strength in knowing how much she cherished you. She will forever be with you, guiding and watching over you.

Rest in peace, beautiful friend. You will be forever missed and ALWAYS remembered.
