“ *I met Dolores when she started working in my office in Denton's multi-service center. Sometime during that period, she moved into the Grace Apartments on Market Street where I could hear her play her organ through my wall. She even invited me over one time to hear the music first hand. I have often thought of Dolores over the years since my work took me back to Pikesville because she shared so much of her life in the short time we had working together. “ I was lucky to have Dolores as a friend and have shared some special musical moments with her. She was a kind and warm person, very down to earth and often with some very wise advise. I will miss our lunch dates with Pam and Julia and especially her love of God and his church. May Dolores rest in the peace of heaven.
