“ My first encounter with Don Sr was with my dad and our first visit to the Blades Lane flying field close to 50 years ago. Don was the first person to introduce himself to us and welcomed us to stay and watch the club members fly. Sr also introduced us to Don Jr because he was close to my age. My Dad did all of the talking asking questions about how to get into the hobby and Don took the time to answer all of them. I remember going to the first meeting and once again, Don was there to welcome us to sit in. In 1981 I lost my Dad and Don was the first person that my mom called and he was there to help break the news to me about my Dad passing. At that time Don basically took me under his wing and went above and beyond to make me feel welcomed in my new but unfortunate life. I looked up to him and learned a great deal from him. I will be forever grateful! Thank you Don....

Don was a kind caring man who loved his family very much . He welcomed my brother John (JR) into their family . Although there were probably days he'd have liked to throttle him lol ... He opened his home to me on 2 different trips to Maryland ... I am lucky to have known him ...
Rest in peace Don
