“ *Dear Jimmie and Pop,
I have been thinking so much about Dottie lately. My dad's 1 year
anniversary of his death was 2 days after she passed away. I spoke
with her the night he died and she told me she too was sick. I hope
her pain was short and now she is at peace and with Our Lord and
Saviour Jesus Christ. My sincerest heartfelt condolences to both of
you and to the rest of the family.*

“ *Sister Dottie was strongest woman I've ever known. She looked adversity in the face and said I don't have time for you...get out of the way! About six months before she departed we shared lunch together and cried together...we ate ham &cheese on kaiser rolls and chips. My heart broke as she grew sicker. I went to hug her and she said please don't hug her because it hurt too bad! I quit smoking because of what I saw Sister Dottie go through! I love and miss you and admire your strength and devotion to your husband!###imported-begin##Carrie Smith##imported-end##*
