“ *I went to school with Elayna at Palmetto and was rejected when i wanted to talk to her lol... i guess at one point i had a crush and never had the balls to go to her after the rejection. I wish i did have the time just to know her as i see that she was very funny and very friendly :) I dont know what happened as i just got back on facebook and for whatever reason decided to check her profile and bam :(I hope her wife is doing well and her family as well. seems like it was too soon from the photos and laughs you see throughout her history on facebook. God Bless and hope you're looking down at all who adored you :)*

“ This is not right.. it's not fair...I wish I knew more when we spoke at my job...I feel like I could have done something....quite honestly, I saw you and I had this feeling in my gut that something wasn't quite right as we spoke but I just assumed you were going through a tough time and thats why...I remember when we worked together at Target many many years ago...you knew I was straight but you made it a point to always flirt and I was flattered. Heck, I flirted back 😂😂😂😂 you used to call me ya baby mom's every time you saw me. I remember you introduced me to your girlfriend at the time and later you told me your girlfriend didn't think I was cute and she must just be hating cuz you sure enough though I was. Lol...you were so sweet and kind hearted....you had a smile that could make anyone's day...I will miss you friend...until we meet again. 💔💔💔💔💔💔💔

“ You had a heart of gold, Your smile was contagious, I used to hear you and Melanie talk about your love for one another, being each other's rock, and I'd wonder if I would ever find such a thing. I knew you from a past relationship, and I wanted to meet my new neighbors walking by..... I took one look at your face and said your name. You and Melanie looked at each with a puzzled face. I explained and we all laughed. I am truly glad I meet up with you again, and me and kids get to know such a wonderful person! Rest In Peace, Gone To Soon..... YOU HAD SO MUCH MORE FOR THE WORLD TO SEE!

“ I remember the day we met. Like it was yesterday. You weren't even supposed to go out that night I will always thank Carmen for that. No balls for me, no balls for you. You bent over that bar top so bad to stick out your hand so I could shake it....now look. 5 years later and you're gone. You're really gone. This isn't a sick joke you're playing on me. This isn't a mistake, and unfortunately this isn't an accident. You knew what you were doing and that is what hurts the most in this. That you knew. And you knew how it would effect me, you knew I probably won't come back from this. I think deep down you probably knew. Even though you said I'd only hurt for a little bit. Then I'd find someone that could really take care of me....kinda like the way you did. But how could I ever find someone else? The way you held me, and kissed me. None of that is replaceable. None of that can be had by any other person. No one else can do that for me. Or make me feel the way you did. Always remember that, because I will. Every single day. Every single second. I will. I love you angel. I really do. I really miss you, if you could come to me. In any way. I would greatly appreciate it. Just come back to me. Please.
