“ I first meet Freda at the Caroline county emergency center just before she retired . I worked for A.D.T. co. and did inspections on equipment there. We got to know each other and if I was passing by her house, I would stop in and visit for a bit . One day I stopped at a restaurant in Denton and found out they did not take a visa card. I did not have any paper money so I had them call Freda to tell them I could be trusted to hit the ATM machine and return . It was embarrassing at the time , but we laughed about that for a long time there after. My wife and I would stop by the Nursing home and she still remembered that from back in the 1980's . May God bless her family .
