“ I remember as a kid on the Bridgetown farm, playing endless hours of catch with Bruce and my brother John. We would try to throw curve balls and get excited when we might see one break an inch. Uncle Chick came by and said "I'll show you a curve ball if you think you are up for it". Well, I had dad's catchers mitt and proceeded to take the position. He asked if I was sure, and of course I said yes. OK... Well he wound up and fired one at me full speed. It must have broken 3 feet but I somehow caught it. I think we were both really surprised, and I also think his arm hurt for days..... I often think about those days and miss them greatly!!
