I will always remember Joanne as my dear high school friends Cherished Mother. His stories of His love for her and his love of her cooking will always leave an impression on me. We all should be able to say how much they love and appreciate their Mom and beyond a shadow of a doubt, her son Larsen did. My sincere and sorrowful condolences for the entire Trigger family at this tender time.A beautiful lady in life and spirit.

“ I will miss JoAnne sooo much. She was my Second Mom. I have known her since before I was born. Some memories I will never forget are how much JoAnne and my Mom Anne Sanders loved each other. Her cooking was out of this world. I always looked forward to going to JoAnne's cause I knew I was going to get something excellent to eat. She even taught me how to cook a few things which I treasure. I spent a lot of days and nights at the Trigger's house and if I ever needed someone to talk to or a shoulder to cry on JoAnne was there and knew just what to say to make it all better. We used to play cards and spent many New Years with JoAnne. When my Mom was sick JoAnne came down and helped me take care of my Mom. a part of me has left but I know she is happy and pain free. Anne and JoAnne are having a blast in Heaven. I Love You JoAnne with all my heart

“ *Memories are like dreams in our hearts we can keep forever. Forever is a place our friend and Sister in the Lord has gone to be safely home. She will be missed she was someone you could trust your heart and kids with our kids are our hearts. She took in all who needed love and made them feel loved and protected and corrected if she felt you needed that to all with such love and kindness. Always felt if I would of needed a home she would of made room in her heart and home. Some people are just like coming home when you sit at a church dinner with them or a wedding even if you haven't been able to spend much time with them lately. Sis Trigger was that to me and so much more. So many memories we made Christmas cookies and sold them at the church she found out I liked her little white snow ball cookies so next time I saw her here she came with a little box of them for me .I didn't even know she paying attention to me but I meant something to her and she to me. She will be missed in many big and little ways. I will keep your family in my Prayers Sis Trigger till we are all together again in that City Where We Will Never Sleep. She along with many others are waiting for us . If I remember anything I remember she Loved.*

“ *Honored to call her grandmon, she treated me just like family! I have so many memories made over the years growing up spending time with grandmom at her home and at church. A few I will always cherish. Crabbing, we'd wake up so early in the morning and head out on the boat to drop the lines in for crabs. Best part when Heather and I'd drop the crabs to chase after all of us. The never did but grandmoms flip flop got it ine time. We'd head back home cook um up and sit down as a family and have a feast. Second was her yummy tuna cream! My she could cook, I never liked tuna but you couldn't not like Grandmoms. You beat us home grandmom, sing and shout!! You are missed. I love you!*
