“ Joe and Betty were all entwined with my memories of Ridgely and the early years of my practice in Caroline County. I took care of their parents as well, and Joe and Betty were my contemporaries. Joe I saw seldom, but Betty and her mother were regulars. Betty was very caring and solicitous with her Mother, and Joe was pretty much the same way with Betty. I liked them both, and observed how their family grew into the grandchild generation. Joe was a man of his generation-the family provider, while Betty seemed to focus on taking care of the numerous family I believe, the last time I saw Betty-I made a house call there. Joe I saw fairly recently for a DOT physical. I wish the whole family God's comfort and peace in their grieving. They have our sympathy and best wishes.
