“ I have quite a few memories of uncle Richard, such an amazing man, which I am so honored to have had him in my life. One memory would be him taking me for a ride in his antique car, as a little girl, he would get done work, then show up at my grandparents home (which is where I lived), start up the antique car and simply say let's go for a ride and that's what we did. We just drove around for the fun of it. I also remember, being young and dumb, (not knowing enough to realize) I drove my car from whiteleysburg to Felton gas station, pulled up to the gas pump. (Not realizing that under my hood that my motor was on fire. It was late in the evening and I called uncle Richard to come help me and he came to my rescue. He didn't say anything, just shook his head at me. Lol. I can only imagine what he was thinking. Uncle Richard came to my rescue whenever I was in need. I also remember going to the garage that he used to work at and hanging out with him as a little girl. That garage was owned by Bill and Shirley towers, in Harrington. A do have so many more momeries, that I will forever cherish. He is gone now, but will forever be in my heart. I Love you always.
