“ *Les was always there when ever any person/group asked for help. There are so many memories of the things he did for the community, residents, coworkers, etc. But the two most memorable things is the time we "set him up" looking for a stranded kitten on the roof of our building...LOL Bless is heart he really searched. The other is the pride he had whenever he brought hs granddaughter Morgan into the center and had her help with the crabs! He knew the sun rose and set in her and she was always the sparkle in his eye!*
