“ I was a patient and friend of Megan at the hospitals coumadin clinic. I can honestly say I was devastated when I heard about her passing. Her and I had a photo done for the hospital book for the clinic and had so much fun that day. She was one of the kindest most caring person I have ever known. She loved my kids when I brought them with me and they loved her. She always spoke so highly of her family and I can only imagine how much she will be missed. I will miss her so much never forget her and her sweet angelic voice. God certainly received an angel. My heart goes out to her entire family and those she touched like me in her life. My prayers are with you all.##imported-begin##Sara Joiner-Gagalski##imported-end##

You have had more than your share to deal with even though it has been said that God gives us nothing more then we can bear it truly is differcult. Sometimes we just go through the motions of life. It was 17 years ago on January 20 when my granddaughters lost their father at an early age so we share you pain. Our thoughts are with you all.
