“ *I've known Morris most of my life, along with his father and mother and grandfather and grandmother. Can honestly say I never heard any of them have an unkind word to say about anyone. Had many enjoyable chats with Morris at the DuPont Plant. After we had both retired, he used to stop out to our house for a visit. Always got a kick out of pretending to be lost out here, even though he grew up in this area. Early days of his schooling was across the field in front of our house at Cedar Grove School, which is still there.*

I've already missed his visits for the last couple of years and will continue to miss him in the future.

“ *So long dear friend and neighbor. I have missed you and our front yard chats. After just short of 5 years, you are finally where you have so longed to be, with your loving wife Margaret.
My condolences to his family. You're in my thoughts and prayers.*
