“ *I wanted to let everyone know how many lives were changed due to Mr. Bowman. He was a provider through the State of Maryland to help make homes for people with disabilities accessible. His hard work and beautiful craftsmanship allowed MANY of my clients with physical disabilities get out of a Nursing Home where they were stranded and return to their own homes because he made these homes wheelchair accessible. All of these clients and myself are truly blessed and thankful for him.*

“ I remember when we were little and we (me, Tammy, Laurie, Kelly, Ricky and Willie) would go to the beach and dig HUGE holes in the ground and cut out steps and seats and make apartments. We would also go in the family room and take turns standing on the foot stool or the hearth of the fire place and sign Elvis....Prayers to the family. Remember that FAMILY IS EVERYTHING!
