“ *Dad it's been almost 7 years now. You have more grandchildren then you would know what to do with and they're all beautiful. My son reminds me so much of you. Not a day goes by that I don't think about you and to this day I've yet to really mourn your loss. I wake up and don't want to believe it's real. I always go back in my mind to the days of us out hauling truck tires or a load of produce makin a hustle. I miss those days we would just take off and go for a ride. I think about that old blue truck and I wish I could turn back time so I could just here your voice once more. Your missed dearly and you have a good bit of company in heaven. A lot has changed since you've been gone but one thing remains the same. I will always love you and miss you, and I will never forget you. Your grandson will grow up knowing who you were and what you meant to all of us.*

“ It's been 6 years today dad! You have more grandsons and I'm having your first grand daughter. She's due any day. I still find myself thinking of you every single day. I wish all of your grand babies had a chance to meet you and see how much of an amazing dad/Poppop you were. Don't you worry though, I will tell them all about you so they feel like they know you. I still stop by and see you almost every time I pass by the grave. I love you dad, and I miss you so so much. I can't wait to see you again.

“ Tonight you are on my mind, I still miss you. I haven't forgot you. Dannys with you now. So much has changed. Our kids are growing up. They miss you. I can see the pain they try to hide. You are missing so much. I believe you are with us. Sometimes its a song or a smell. I think you come to visit, like tonight. Please watch over Dad, Betty and Aaron. I worry how much longer I will have them, It was hard losing you and Mom so close together. It hurts so bad when I allow myself to go there. I loved you in the only way I knew how. I hope you understand that I had to move on. I did not want to be alone the rest of my life. I love Terry. He is good for me, He is good to me and the kids. He has a good heart. Just like you. Please be happy for me. I am sorry you had to go thru all you went thru. I miss you Roger.

“ It's almost been four years now and I'm missing you just as much as I did the first day without you. Graduation is in a little more than a week and you won't be there to see me accept my diploma... I'm really going to miss you then. Lisa will be having her baby in less than a month too. You're gonna have another grandson! Hope to see you soon. I love you and miss you dad <3

“ Please accept our deepest condolences in the loss of our dear friend Roger. We have so many happy memories of all the good times at work with both him and Joseph. We will really miss him. Everytime we hear Alabama singing a song, we will think of him and smile.  
We believe that in HEAVEN, his health and vitality are all restored. He is healed of all the pain and illness now. After all he went through, that is a comforting thought for us.  
Please know that our thoughts and prayers are with you as you grieve this tremendous loss.

With much sorrow,  
Diane and Lynn###imported-begin###The Barber Shop at Spence's Bazaar###imported-end###
