“ *So sorry to hear of mis Vi's passing. I always enjoyed my time around her when I was there repairing her appliances. She was always very appreciative of my coming there and taking care of her problems.mis Vi always had a project going on when I was there and was so proud to show me her work. I enjoyed very much watching her tribute , seeing photos of her in her younger years before I knew her. I know everyone will miss her greatly and I'm thankful I got to know her a little. Your family will be my prayers.*

“ I was saddened to hear about Ms Vi passing away. She was a kind person and loved her animal friends. I met her thru her horses, and she was always trying to do the best for her babies. I loved the John Deere Gator she drove with her tools and horse treats. She always had a project. We need more compassionate people in this world like Vi. I will miss talking to her, and pray God will comfort her family.
