“ My sincere condolences to all of Walt's family and friends. He was a great kid as I watched grow up. He had a huge heart and would always stop in the Post office after school and ask me how my day was. God bless you buddy.

“ I had the privilege of working with Walt when I first started at Bestcare. He truly made every shift memorable. Walt loved music and could sing along to every song without missing a lyric it always brought such great energy to the day. He had a way of making work more enjoyable for everyone around him. I'm grateful to have known him. My thoughts and prayers are with his family during this incredibly difficult time. May God give them strength and comfort.

“ My sincere sympathy to everyone who knew Walt. I also have a favorite memory of Walt. He was playing music at the Goldsboro firehouse with his Grandfather Joe and several others. Walt was playing bass and even though that instrument was towering over him he sure could make it sing. At one point Walt stepped up to the microphone and said “let's go boys” everyone loved it. Hold on to all of your wonderful memories and let others help you through this difficult time.

“ Oh Walt, my heart broke when I heard the news. You had a rare gift — the kind of presence that could light up a room without a single effort. Your laughter, your stories, and your steady kindness made ordinary moments unforgettable. I will always treasure the simple days we spent riding around in the old truck or sitting quietly by the water fishing — even though fishing was never really my thing, time with you made it something I looked forward to. You were one of a kind, and the world feels a little dimmer without you in it. You will be missed more than words can say, my dear old friend.

“ Walter was just about 10 yrs old when we first met at Donald Dills on Gary Road Saturday evenings. He would attend with his grandfather Joe. Saturday nights at Don's were always full of friends enjoying gospel, bluegrass and country music. Walter soon learned to play the guitar and sing. He was full of life and a real pleasure to be around. He used to say he wanted my husband's old Honda Civic when he was old enough to drive. My heart goes out to his family in this time of sorrow. I hope he is strumming on that guitar with Don Dill, Vernon Stevens and Raymond...
